### **Advice for the cleaning and the maintenance of the bathroom**

All our products have been realized to be long-lasting. For this purpose, we would like to give you some advice to keep your bathroom suite always intact.

A soft sponge is ideal for cleaning your bathroom suite. Do not use in any case abrasive, caustic or aggressive substances.

For a better cleanliness and to remove possible residuals of limescale or soap it is advisable to clean your bathroom suite in depth periodically with a non-abrasive cleaner.

A regular washing with lukewarm water and soap and an immediate drying with a soft rag soon after the use will be sufficient to keep your bathroom suite perfect.
